The IQAC expresses satisfaction at the survey conducted among the students. Questions ranged across a spectrum of parameters from curriculum to teaching quality to internal assessment to online classes.

The survey had questions to ascertain the quality of infrastructure, library and sports facilities. Interestingly, in order to ascertain the role of the management, the survey had questions on the accessibility of the Principal as well.

- The college website is helpful to 97% students.
- However, 7% students feel that classroom facilities are not good.
